## Registration Instructions for Continuing Students

The Fall 2007 Timetable of Courses contains lists of courses offered for the Fall session of the 2007-08 academic years. Priority online registration is scheduled to begin March 19. In order to register, students need to do the following:

### 1. Remove financial holds.

A financial hold indicates that you have an outstanding balance with the Business Office. Please view your account on *The Bridge* to see if you have a hold. You must clear your hold before you can register.

### 2. Understand billing ramifications.

Overload charges are applied at the 18<sup>th</sup> credit. A student who registers for 17 credits will not be charged an overload fee, but if that same student registers for another credit or more, a fee of \$410 per credit will be charged. There are no overload waivers. Any student who registers to audit a class will be charged an additional fee of \$170 plus any applicable course fee, regardless of whether or not the student is enrolled full-time.

### 3. Make an appointment with your advisor.

Schedule an advising appointment. You may change your advisor by completing a Change of Advisor Request form and submitting it to the Registrar's Office after permission has been obtained from the new advisor. Many classes close early, so meet with your advisor as soon as possible.

### 4. Review the Timetable of Courses and the College catalog.

Plan a tentative schedule by using the planning worksheet before you meet with your advisor. Planning a schedule of courses should always begin by considering your progress toward completing a chosen program of study. Students

are responsible for knowing the College catalog and the requirements stated therein.

### 5. Finalizing your schedule and obtaining your alternate pin number.

Review your tentative Fall schedule with your advisor. Make sure that you have alternate course selections. Once your schedule is finalized with your advisor, s/he will issue you an alternate pin number. You will be prompted for this pin number when you register or make any schedule changes on *The Bridge* so have it handy.

### 6. Courses requiring instructor consent.

You will need to complete an add/drop slip for the courses that require an instructor consent, or for prerequisites to be overridden. The instructor of that course will need to sign the add/drop slip. You do NOT need your advisor signature for these.

### 7. Registering for classes on *The Bridge*.

[Please see page 19 for detailed instructions on how to register for classes on \*The Bridge\*.](#)

**Note:** Timetable of Courses updates will be outlined in red as they occur, open/closed course lists, and other useful registration information is accessible through your faculty advisor, your campus email, and *The Bridge* at [www.northland.edu](http://www.northland.edu).

## Final Exam Policy and Schedule

1. Because the final examination week is part of the required meeting time for the session length, faculty are required to conduct an examination or culminating period during this week for all classes. When an examination is not given, a culminating period can be used to return exams and/or papers, give students course feedback, schedule individual appointments, or conduct assessments.
2. A final exam is defined as the last examination of the course. No examination should be scheduled during the last week of classes.
3. No take-home final examination should be due any sooner than the period designated for that course during final exam week.
4. Co-curricular activities involving significant amounts of student time should be prohibited during the last week of classes.
5. No student or faculty member is allowed to move an examination to a time other than the one that is designated for that class.
6. Examinations for evening classes (4-10 p.m.) will be given at the regular class meeting time during the session examination week.
7. Because classes meet several times each week, the schedule refers to the first meeting of the class. Classes scheduled over two or more class periods will be tested according to the first period scheduled (i.e., classes meeting 2:30 to 4:20 TR will be tested during the block assigned to 2:30 classes meeting regularly on Tuesday). Classes meeting only once a week or those whose first meeting is not Monday or Tuesday, will be tested according to the M schedule for M/W/F combinations and to the T schedule for T/R combinations.
8. If other than the regularly assigned room is to be used, space must be cleared through the Registrar's Office at least 24 hours in advance.

## Fall 2007 - New/Modified Course Descriptions

### **BIO/ENV241 – Sustainable Agriculture**

An intensive course dealing with many aspects of agriculture. Topics covered include soil and water, technology, and its impact on agriculture, politics of food (including globalization and free trade), marketing and problems with getting food into the marketplace. Course includes lectures, labs, and field trips and on-farm experiences.

### **NAS250 – Am. Indian Environmental Perspectives**

This course surveys the many relationships Native American peoples have with the environment. Both hunting and agricultural practices will be examined along with contemporary environmental issues. Students will be challenged to identify and investigate the principles and practices of a Native American relationship with nature. This course will also examine how the Native American environmental perspective is applied to contemporary environmental issues.

### **NRS103 – Regional Natural History**

This course introduces students to the natural history of the region, to include studies of the phenology, species composition, and ecology of the regions habitat types, with an emphasis on forested lands.

### **OED050 – Sustainable Backcountry Travel**

This course will focus on globally and locally sustainable methods of backcountry recreation. Travel, gear, food and supplies, philosophy and ethics, and camping techniques will all be researched and analyzed to create an environmentally-friendly model of backcountry travel that will then be implemented on several weekend trips. This course can substitute for OED 064, Basic Backpacking, which is part of the departmental requirements of some OE majors.

### **PSY 250 Cognitive Psychology**

This course provides an overview of theory and research in cognitive psychology. Cognitive psychology is the study of what the brain does, from the micro-to the macro-scales. The brain is an information-processing organ, but “information” is a general term which encompasses thoughts, ideas, sensory input, mental imagery, memories, and intentions. Cognitive psychology studies processes of attention, recognition, categorization, memory and recall, learning, reasoning and decision-making, problem-solving, creativity, language and reading. These are the elements that make up our behavior and experience in the world. The study of cognitive psychology can help you understand how you learn and how you remember, and how you can do both more effectively.

### **PSY350 – Psychology of Religion**

Examination of the major psychological theories, perspectives, and empirical research on religious belief, faith, the religious sentiment, and the diversity of the religious experience. An emphasis on empirical approaches to the study of religion as it relates to prayer, meditation, social attitudes and behavior, mental health, mysticism, religious (mature-immature) sentiments, religious orientation, nature mysticism and animism, as well as personal development.

### **REL250 – Religion & Human Rights**

An introductory course to the study of religion as it influences global human rights. Utilizing selected examples from across cultures, it will discuss such topics as defining “human rights,” the possibility of a definition for human rights that is transcultural, and what role religions are playing – impeding, supporting, etc. – in the development of human rights.

## Superior Connections Course Descriptions

### **SPC112-01 Natural History Lake Superior**

An introductory, interdisciplinary course on the natural history of the Lake Superior basin -- its geographic, geologic and biological setting; how the setting has influenced the organisms that inhabit the region, and how the organisms, namely humans, have influenced the environment. Involves numerous field trips, including some over-night weekend trips.

### **SPC122-01 Comparative Religion**

"This course focuses on historical and contemporary spiritual beliefs and practices in the Lake Superior Watershed, including those of Native Americans, early missionaries, later immigrant religious traditions, and the ways these religions view the sacred and the relationship of the sacred to the natural world."

### **SPC126-01 Confluences: Reading & Writing**

A confluence is a flowing together of two or more streams, or a gathering together at one point. In this course, students will gather and integrate their experiences and studies of the Lake Superior Watershed using the creative and synthetic potential of dialogue and written expression. The reading of literary and historical texts, the composition of journals, critical essays, and research papers, as well as the preparation of oral presentations will be integral to the course.

## DOMESTIC AND INTERNATIONAL TRAVEL COURSES FOR SPRING (May) 2008

**International study trips and domestic travel courses have individual fees attached above the cost of any tuition or audit fees and have certain requirements for payment, refundability, and eligibility for participation.** Students interested in foreign study or other College sponsored trips should contact the instructor to obtain a copy of the itinerary, estimated costs, and payment schedule. All trips require deposits/prepayments before the departure date. Students should also inquire about other out-of pocket expenses such as passports.

Students may be eligible for some financial aid to assist in the cost of these courses. Please contact the Financial Aid Office directly for assistance.

Students must register for credit or audit. Course fees will be charged the session prior to the course. Travel/course fees over \$100 have special refund dates for each course. Contact the instructor for details. Pre-registration for these courses is contingent upon compliance with deposit and payment schedules. (See tuition and deposit schedule printed in this *Timetable*.) Student accounts will be monitored for unpaid balances preceding the trip. The Business Office reserves the right to un-enroll a student due to an unpaid balance. In such cases, the student will still be responsible for the portion of the deposit that is not refundable.

**There are not any trips planned for Spring semester 2008 at this time.**

## General Information

Course numbers used in the Timetable of Courses indicate the academic level for which each course is primarily intended.

028-099 Prep/Skill Building  
 100-199 Freshmen/Introductory  
 200-299 Freshmen/Sophomores  
 300-499 Juniors and Seniors  
 500 Graduates (requires previous receipt of bachelor's degree)

Courses are grouped into various departments and have been assigned the following departmental codes:

ART	Art
BCH	Biochemistry
BIO	Biology
BUS	Business Economics
CHM	Chemistry
ECN	Economics
EDU	Education
ENG	English
ENV	Environmental Studies
FIN	Fine Arts
GSC	Geoscience
GIS	Geographic Information Science
GOV	Government
GWS	Gender & Women's Studies
HCA	Health Care Administration
HIS	History
IDS	Interdisciplinary Studies
MET	Meteorology
MLG	Modern Languages
MGT	Management & Leadership
MTH	Mathematics
MUS	Music
NAS	Native American Studies
NRS	Natural Resources
NUR	Nursing
OED	Outdoor Education
PGS	Peace, Conflict, & Global Studies
PED	Physical Education
PHL	Philosophy
PHY	Physics
PSY	Psychology
REL	Religion
SOC	Sociology

Lab sections are indicated with an "L" after the section number (i.e. BIO1010-08L indicates lab section 8 of BIO101). Sections are indicated by the 01, 02, 03, etc. after the department and course numbers (i.e. BIO101-02 indicates section 2). Courses with multiple course and/or lab sections are listed consecutively.

### Day of the Week Codes

Codes for class meeting dates are as follows:

M = Monday    T = Tuesday    W = Wednesday  
 R = Thursday    F = Friday    S = Saturday  
 U = Sunday    ARR = Arranged  
 TBA = To be announced

### Course Meeting Times

Course meeting start and end times are indicated for each course if available. Some courses list multiple meeting times and days. Separate lab sections are only listed when a student is given a choice of multiple meeting times and days.

### Closed Courses and Wait Lists

When a course closes, students can choose to be placed on a waiting list. If significant over enrollment occurs for a course, the College may consider opening new sections to meet demand. Students are reminded that they will need to be registered for at least 12 credits (full time) in first-half courses for their financial aid to be placed on their accounts. Waiting list courses carry no credit; therefore, students should consider adding an alternate selection to their schedule if they are placed on a waiting list. A signed Add/Drop Form is necessary before a student will be moved from wait list status to register for the course.

**\*\*The College reserves the right to cancel courses with fewer than five students enrolled\*\***

### **Second-Half Courses**

Some courses begin the second half of a session just after midterms. These courses, such as some Outdoor Education activity courses, carry no credit until the course begins. Once the course begins, credit is added to the enrolled student's schedule and any billing adjustments are made. Second-half courses may result in tuition adjustments (if a student was part time before the course was added and now will be at a higher credit level or at full time); overload charges (if the additional credit raises their enrolled level over 17 credits), and additional course fees. Note: Second-half courses may not be used to reach full-time status for financial aid purposes.

### **Late Registration/Late Add**

Students who begin the course selection and bill payment process after classes have begun or add a course after the add period will be required to complete a student petition form. If approved, the student will be assessed a \$25 late schedule change fee. Students who will not return to campus until after classes begin are asked to notify the Registrar's Office in order to hold their classes. Students who are not present at the beginning of a session and have not notified the Registrar's Office prior to their absence may be administratively dropped from classes. The last day to add without incurring a late fee is **September 14, 2007**.

## **Academic Policies**

### **Minimum, normal, and maximum credit load**

To be considered full time, students must take a minimum of 12 credits in each of the Fall and Winter sessions and 3 credits in the shorter Spring session. Normal loads are 12 to 17 credits and 3 to 5 credits, respectively. Overload charges apply for loads beyond 17 credits in the longer Fall and Winter sessions and 5 credits in the Spring session.

### **Add/Drop procedures**

Students wishing to drop or add one or more courses can do so by logging onto their *Bridge* account and making the change up until the Friday before classes begin.

Once classes begin, a student will be required to complete an add/drop slip signed by their faculty advisor and the instructor of the class they are adding. Students may drop a course through the add/drop period on *The Bridge*. If a student stops attending a course and does not complete the add/drop procedure, a grade of "F" will be entered on the academic record.

A student who drops a course after the add/drop period and before the last day to withdraw for the Fall term will receive a "W" (Withdrawn) for the course. Any student dropping a course later than the withdrawal date for Fall will receive an "F" in the course.

Students with financial aid need to be at full-time status until the end of the College's refund period (25 class days during the Fall or Winter sessions) or they may jeopardize their financial aid. Please contact the Financial Aid Office for additional information.

### **Administrative (faculty-initiated) drop policy**

Students who register prior to the first day of classes but who miss the first two meetings of a 50-minute class or the first meeting of a class that meets for 75-minutes or longer MAY have their registration in that course canceled by the instructor. Faculty-initiated drops must be received in the Registrar's Office by Friday of the first week of the sessions. If extenuating circumstances prevent a student from attending the first meetings of a class, the student must contact the instructor or the Registrar's Office prior to the first class meeting to confirm registration in the course.

### Repeat courses

A student may not repeat a course if the course is a prerequisite of one already successfully completed within the same department. Athletes should check with coaches before taking a repeat course because it may affect their eligibility. Students receiving veterans' benefits may not include, in benefit level determination, the credits for a repeat course in which a "D" was previously earned.

The credit and grade earned in the latter attempt will replace any earlier grades on the academic transcript.

### Audit policy

Students wishing to audit a course must meet the registration eligibility requirements and follow the regular registration procedures. Students may audit courses with the following stipulations:

1. A student must register as an auditor.
2. The decision to audit must be finalized and recorded in the Registrar's Office before the last day to add/drop.
3. No credit will be granted for the course, but an audit (AU) symbol will appear on the academic record.
4. An audit course may be repeated for credit in another term.
5. Appropriate audit fees (\$170 per course) are to be paid, and course fees are required.

Audits are to be indicated on an add/drop form during the add/drop period of a term. Audits do not count as credits for veterans' benefit certification, athletic eligibility or financial aid consideration.

### Withdrawal policy

The College recognizes that circumstances may require a student to completely withdraw from the College during a session. Students desiring to withdraw from Northland College should contact the Registrar's Office and follow the instructions given by this office. Students will be given the Northland College Withdrawal Statement.

Unless this form is completely filled out, the student will not be eligible for tuition adjustments and may be responsible for paying back any financial aid received from the College. A student

will have been considered withdrawn on the date that the withdrawal statement is returned to the Registrar's Office. NO WITHDRAWAL IS CONSIDERED OFFICIAL UNTIL THESE PROCEDURES ARE COMPLETED.

A student who leaves college before the end of a session without officially withdrawing will receive a grade of "F" for all courses during the session. Students who follow proper withdrawal procedures will receive a tuition adjustment based on the refund schedule and refund policy as stated in the College catalog.

### Special courses

Students may enroll in one of the following courses provided they meet all eligibility criteria. These courses cannot be added to a student's schedule until all required forms are completed and processed by the Registrar's Office. Each type of course has a special numbering system based on the type of experience and credits.

Internships: 292 and 492

Independent Study: 290 and 490

Arranged Courses: course number same as catalog listing

Field Experience: 291 and 491

Senior Thesis: 496 and 497

Teaching Assistant: 294 and 494

Research Assistant: 295 and 495

Freshmen and sophomores enroll in 200-level section; juniors and seniors enroll in 400-level section.

Students must be in good academic standing to enroll in any special course experience.

Independent studies have an additional minimum GPA requirement (3.0 cumulative).

**Internships:** To enroll in a work experience for academic credit, a student must complete the Special Course Registration form. Internships range in credit from 1 to 4 depending on the time commitment of the student. A maximum of 12 credits from internships and field experiences can be applied toward graduation. Internships are graded S/U.

**Independent Study:** Arranged with an instructor, an independent study represent course work in a specialized area or in-depth coverage of present course work. To enroll in an independent study course, a student must complete the Special Course Registration forms. All students must meet the GPA eligibility requirements of a 3.00 overall. Independent studies are letter graded.

**Arranged Courses:** A student requesting an instructor to offer a course on an arranged basis must complete the Arranged Course form and then secure permission from the instructor and the Academic Dean. Usually the need for an Arranged Course arises from scheduling difficulties. An Arranged Course form is not automatically approved. Liberal Education requirements may not be satisfied on an arranged basis. Alternate courses and arrangements should and will be pursued before an Arranged Course will be approved.

**Field Experience:** Unlike the intensive individual coursework of an Independent Study, Field Experiences arranged through a faculty member or department offer the student hands-on experience in their major/minor field of study under the direct supervision of the faculty member. Forms and permission are secured in the same manner as Independent Studies above. Since faculty members serve as sponsors and supervisors, Field Experiences differ from Internships and have no direct career exploration component to them. Field Experiences are graded S/U. A maximum of 12 credits can be earned from internships and field experiences.

**Senior Thesis/Research:** A senior thesis/research or capstone experience is requested in most academic programs. Students completing a Senior Thesis or Research Assistant will have taken part in an academic experience normally reserved for graduate school. Check with your faculty advisor to ascertain the availability of this option in your area. Senior Thesis/Research can be one session (496) or one year in length (496 and 497).

**Teaching and Research Assistant:** Students may serve as Teaching Assistants in certain courses with approval from the instructor. Generally, in these experiences students will assist the instructor in classroom activities, student training, or material preparation in a course in which they have particular skill or background. A Teaching Assistantship may be taken for credit of equal or lesser value than the course in which they will be assisting. The grading method shall be the same as the assisted course. Research Assistantships are letter graded.

**Satisfactory/Unsatisfactory grading option**  
Students may enroll in Outdoor Education activity courses (numbered 028-099) on an S/U (Satisfactory/Unsatisfactory) basis by declaring their intent with the Registrar's Office within the first two weeks of the Winter or winter session, or within the first four days of the spring session. Additionally, students classified as juniors or seniors who have a GPA of 2.50 or better may take up to four courses on an S/U basis, without any effect on grade point average, under the following conditions:

1. Only one course per session, exclusive of OED activity courses, may be taken on an S/U basis. However, a course offered only on an S/U basis for all students will not be counted in the four courses allowed.
2. The S/U courses may not be required courses in the Liberal Education Program, in the student's major or minor fields (except Internships and Field Experiences), or in courses needed for teacher certification.
3. The student must satisfy all prerequisites for the course.
4. The student must file with the Registrar's Office his or her intent to take a course on an S/U basis. Within the first two weeks of the Fall or Winter sessions or four days of the Spring session, the student may request the Registrar's Office to change the mode of evaluation from an S/U to a letter grade.
5. When grades are reported, the Registrar will enter on the student's record a mark of "S" for a letter grade of "C" or better or "U" for a letter grade of "C-," "D+," "D," or "F".

**Graduation and honors**

Graduation occurs when a student has completed 124 credits, has a GPA overall and in the major of 2.00 or better (2.75 in Teacher Education), and has completed the Liberal Education Program and one major sequence of study. The student's GPA will determine graduation with honors at the end of the Winter term before Commencement. Honors designations on transcripts will be based on the student's complete academic record at Northland College. Transfer students are eligible for honors based on the Northland College GPA alone, provided they complete a minimum of 48 non-S/U graded credits in attendance.

Grade point requirements for honors are:

3.50 – Cum Laude

3.70 – Magna Cum Laude

3.90 – Summa Cum Laude

Dean's List Honors: The Dean's List is computed at the conclusion of the Fall and Winter sessions. To qualify, students must be full time (both Fall and Winter/Spring), enrolled in a minimum of 12 credits of non-S/U graded courses, and earn a 3.50 grade point average with no grades less than "C" and no incompletes.

**Incomplete policy**

A grade of "I" (Incomplete) may be given to a student who has nearly completed a subject satisfactorily and then, because of illness or unusual and substantiated cause beyond the student's control, has been unable to take or complete the final examination or to complete some limited amount of work. An incomplete is not given for unsatisfactory work, and an incomplete is not given if the final examination has been missed unless the student is able to provide proof that attendance was prevented for sufficient cause.

Incompletes will stay incomplete (grade of "I") on the transcript unless the work is completed within six months from the last day of term. Grade changes will not be allowed after six months.

**Services for students with disabilities**

Individuals who have any disability, either permanent or temporary, that might affect their ability to perform in classes are encouraged to inform the instructor and/or the Coordinator for Students with Disabilities (ext. 1340) at the start of the term. Adaptations of methods, materials or testing may be made as required to provide for equitable participation.

## Fee Information and Withdrawal Refunds

### WITHDRAWAL REFUND POLICY

Certain circumstances may require a student to leave campus or withdraw from the College during a session. If this should occur, the student must officially withdraw from and meet any outstanding financial obligations to the College. (See WITHDRAWAL FROM COLLEGE under ACADEMIC POLICIES AND PROCEDURES in the ACADEMIC AFFAIRS section to learn how to officially withdraw from Northland.)

Tuition refunds are calculated according to the schedule below and credited to a student's account. Students receiving financial aid who receive tuition and/or room and board refunds will receive a similar reduction in their total financial aid package. Students receiving federal financial aid through Title IV programs will receive a refund consistent with federal regulations. Please contact Financial Aid for more information on calculating refunds for students receiving financial aid. There is an administrative fee for calculating refunds, which is the lesser of 5 percent of the calculated refund or \$100.

### TUITION REFUNDS FOR WITHDRAWING STUDENTS

Tuition refunds for withdrawing students are calculated based on the following schedule.

During the first 10 class days.....	80 percent refund
During class days 11 to 15 .....	60 percent refund
During class days 16 to 20 .....	40 percent refund
During class days 21 to 25 .....	20 percent refund
After the first 25 class days .....	No refund

A class day is any Monday through Friday during the fall and winter sessions.

### SPECIAL CIRCUMSTANCES – MEDICAL/EMERGENCY WITHDRAWAL

A medical/emergency withdrawal is initiated in consultation with the Director of Student Development and is considered only under the following circumstances:

- Medical circumstances – non-routine, serious medical concerns such as illness or accident
- Family emergency – grievous personal loss beyond the student's control

Each request must contain information that provides documentation of the medical circumstance or a specific written explanation about the nature of the family emergency. The Approval committee will review the completed request and will determine withdrawal eligibility. If approved, tuition refunds will be calculated according to the schedule below and credited to the student's account. This is a tuition-based policy only. Students receiving federal financial aid through Title IV programs will receive a refund consistent with federal regulations.

### Tuition Refunds for Medical/Emergency Withdrawal

Tuition refunds for students approved under the withdrawal request process are calculated based on the following schedule:

During the first 10 class days .....	100 percent refund
During class days 11 to 15.....	80 percent refund
During class days 16 to 20.....	60 percent refund
During class days 21 to 25.....	40 percent refund

### LATE ADD FEE

The cost for adding or dropping a course after the add/drop period when approved by Academic Standings Committee is \$25. This fee is subject to change.

**OTHER FEES**

The following required fees are subject to change.

**COMMUNICATION COMMISSION FEE**

A \$81 Communication Commission fee is assessed for all students enrolled in 8 or more credits per session to help fund student publications and WRNC-LPFM radio.

**JUNE & CRAIG PONZIO CAMPUS CENTER FEE**

A \$150 June & Craig Ponzio Campus Center fee is assessed for all students enrolled in 8 or more credits per session to help maintain the student resources provided in the Center such as the Alvord Theatre, Post Office, Student Media, Student Development, Residential Life, Campus Minister, Campus Nurse, Counseling and Career Services, and Food Service.

**STUDENT ASSOCIATION FEE**

A \$180 Northland College Student Association fee is assessed for all students enrolled in 8 or more credits per session to help operate the Association and to provide student activities and entertainment.

**NCSA RENEWABLE ENERGY FEE**

A \$40 Renewable Energy fee is assessed by NCSA for all students enrolled in 8 or more credits. These funds are allocated annually by the senior class to a project to assist in a campus-wide effort to reduce energy consumption, use renewable energy equipment, and help mitigate greenhouse gases and persistent toxic substances.

**TECHNOLOGY FEE**

A \$150 technology fee is assessed for all students enrolled in 8 or more credits to support online services to students via the College's intranet, The Bridge, and to provide equipment and staffing to computer labs in Wheeler and Larson-Juhl Center for Science and the Environment.

**ID CARD REPLACEMENT**

Picture ID cards are required for access to the library, food service, certain buildings, and campus events. Students are issued on ID card without charge. Replacement cards are \$15.

**GRADUATION FEE**

A graduation fee of \$30 is assessed for all students during their final term before graduation. This fee covers the following costs: commencement mailings, degree verification, cap and gown rental, graduation tassel, embossed diploma cover, and diploma processing, printing and mailing.

**ROOM AND BOARD REFUNDS FOR WITHDRAWING STUDENTS**

Refunds are not made on room charges for withdrawing students. Effective the first Sunday after a student's official withdrawal from Northland, s/he will receive 75 percent of the remaining board costs on a *pro rata* basis. Room and board expenses for spring session are part of winter session expenses and are not refundable if a student does not attend or withdraws from the spring session.

**OTHER FEE REFUNDS FOR WITHDRAWING STUDENTS**

Required fees described under OTHER FEES in this section are nonrefundable. Courses that include special trip fees have individual fee schedules and refund policies. Please see the course instructor for more information.

# NORTHLAND

THE ENVIRONMENTAL LIBERAL ARTS

# COLLEGE

## INSTRUCTIONS FOR PRO (Paperless Registration Online)

1. You must have a Northland College computer user ID and password in order to proceed. Please contact Doreen Kroll in the I.T. department at 682-1855 to obtain one if you don't already have one.
  2. Prepare your preliminary list of course selections. Remember, to be considered full-time status you must be registered for at least 12 credit hours. If you are uncertain of how to select your courses, your advisor will assist you. Choose alternate courses carefully.
  3. Check the College catalog and *Timetable of Courses* carefully to make sure you meet the requirements for the courses you select. Pay particular attention to the prerequisites for each course.
 

If a course is marked "Instructor Consent", you must have written consent from the instructor to register. Complete the Add/Drop form, and obtain instructor signatures where needed.
  4. It is your responsibility to make an appointment to meet with your advisor before you register. Allow adequate time to meet with your advisor and plan your schedule of classes. After you have met with your advisor, discussed your course selections, and obtain your PIN and day to register, you are ready to register online.
  5. Follow these steps to register online:
    - ✓ Login to *The Bridge* with your ID and password.
    - ✓ Click on **School Services**
    - ✓ Click on **Campus Services**
    - ✓ Click on **Student and Financial Aid**
    - ✓ Click on **Registration**
    - ✓ Click on **Select Term** (choose the term you are registering for and click submit)
  - ✓ Click on **Check Your Registration Status** to see if you are eligible to register at this time. All holds on your account must be cleared before you will be allowed to register (click on back to return to menu).
  - ✓ Click on **Register for Classes**. At this point a pop-up box will prompt you to enter in an alternate pin number. This is the six digit number that you received from your advisor.
  - ✓ Enter the **CRN** (Course Reference Number) for the course you want to add to your schedule. Enter only one CRN per box. The CRN is the 4-digit course number located in the *Timetable of Courses*.
  - ✓ After entering all the CRN's for the term, click on **Submit** to register for the classes.
  - ✓ Registration errors will appear if any occur. If a course is closed, you will be given the option to be waitlisted in the course. You must click on the drop-down box and choose waitlisted in order to be waitlisted and then hit submit.
  - ✓ It is not necessary to bring in a paper copy of your registration form to the Registrar's Office. Complete an add/drop form if you need to obtain instructor consent for any courses.
- NOTE: You can only register for courses that have a CRN in the Timetable of Courses. Registration for any other courses, such as internships, field experiences, etc., must be done according to the instructions on the Special Course Registration form and submitted in person to the Registrar's Office.*
8. You can view your schedule by clicking on **Student Detail Schedule**. You will be able to drop any courses from your schedule on *The Bridge* up until the last day to add/drop, but you must complete an add/drop slip to add any courses.
